Paris, June 4th, 2018

THE SUSTAINABLE FUTURE BEGINS IN PARIS

FINANCE FOR TOMORROW STRUCTURES ITS GOVERNANCE AND ELECTS A NEW BOARD WHICH ILLUSTRATES THE MOBILISATION OF PARIS ON GREEN AND SUSTAINABLE FINANCE

June 4th, 2018 – One year after its launch, the Finance for Tomorrow Initiative currently includes 56 members and 6 international observers. It gathers committed actors, within Paris EUROPLACE, in order for the Paris Financial Center to become the international point of reference on green and sustainable finance.

After a first transitional year to establish the initiative, Finance for Tomorrow has structured its governance bodies. The aim was to ensure both a broader representation of the different categories of actors, and to mobilize its members produce concrete contributions. This process has led to the organization of an election for the Presidency and the Board for the 2018-2020 period.

On June 1st, Paris EUROPLACE Steering Committee validated the results permitting to reappoint Philippe Zaouati as Chair and to constitute a renewed and diversified Board composed of 15 members, 7 of which are elected (*see the list below*).

The new Board of Finance for Tomorrow symbolises the shifts in the French financial sector through its diversity, through the fact that it represents all of the stakeholders, including civil society, and through the seniority of the elected members within their companies and organisations. Held for the first time, the elections were a resounding success both in terms of quantity and quality of the 19 applications submitted. This keen showing demonstrates the interest of the players of the Paris Financial Center for green and sustainable finance, which is now a key priority for economic actors.

Looking forward, drawing on its first successes and the ambition shown by its members, Finance for Tomorrow begins a second stage, in line with its original objectives:

- Develop **training and education** in the field of sustainable finance and support research projects aiming to make Paris a center of excellence in this area,
- Launch key projects to develop **Fintechs for Green**, integrating environmental and social factors,
- Further **discussions with the French public authorities** in order to define an ambitious roadmap, and **weigh on European debates** by creating strong partnerships with other financial marketplaces,
- Make Paris the meeting place for players in the sector by attracting international events and establishing its flagship event, **Climate Finance Day**, as one of the milestone annual events of the financial sector at the international level,
- And, lastly, **promote the Finance for Tomorrow brand** as a symbol of the modernity and responsibility efforts of the Paris Financial Center.

COMPOSITION OF THE BOARD FOR THE 2018-2020 PERIOD

The new Board takes office for the period 2018-2020. It is composed of 15 members, including the President and the Director, 4 members-by-right, 7 elected members and 2 members co-opted by Paris EUROPLACE:
